

Religions of South Asia - Comparison Activity

As you know, when Islam came into South Asia, it caused tension, but also changed society. Sikhism added a new element to South Asian religions and tensions as well in the period ca. 1450-1750 CE. You'll utilize the Venn Diagram to compare the three faiths, and then fill in the thesis sentence frame at the bottom.

Fill in the thesis for this question: *Evaluate the extent to which South Asian belief systems experienced change during the period from 1450 to 1750 CE.*

Although South Asia experienced continuity in its belief systems due to _____,

Ultimately _____,

_____ led to a change in belief structures.
